Family Playgroup

Family Playgroup is a group for dads, mums, grandparents and carers with children aged birth to 3 years.

At playgroup, the children will learn and engage with others through play experiences appropriate for their stage of development.

Adults can enjoy learning how to make inexpensive resources for their children with the support of playgroup educators with a focus on materials readily found at home.

There will also be stories, music, fruit-time and a chance to play with your children while you meet new families. The sessions will be planned and implemented by playgroup educators and you will be part of a group where your ideas and involvement will be important.
