

LEARNING RESOURCES CONTRIBUTION REMINDER

Dear Families,

At the end of last year, IPECS purchased stationery for children to use during the 2022 school. The learning resources contribution of \$80 includes coloured pencils, textas and crayons, lead pencils and scrapbooks. It also covers glue sticks, paint, scissors and other craft items. \$10 per child of this contribution goes toward the cost of all digital learning tools and resources, including Seesaw which is an online learning journal that all our classes use. We appreciate contributions from families to help with this cost as it allows us to use the money for other educational purposes. Contributions can be paid at any time of the year and payment options are listed below.

If you have any questions, please do not hesitate to contact me on 6142 3777.

Regards

Simon Barker
Principal

Learning Resources Contribution Payment Options
